Meetings Crowded

Reports we have received from Mexico are encouraging. The men charged with leading the churches in Huejutla and Platon Sanchez have been working hard. It seems the Platon Sanchez Group has grown around 30% since our absence. There is standing room only in some of the services. The group is searching for best prices for seating in Mexico City.

It is essential that Carla and I travel to Mexico regularly. We are still responsible for supervision of the groups. In addition, groundwork on the church property must begin. Trips and progress on the building project will be made as God provides.

Our organization, Aztec Res-

cue, Inc., is a tool to help missionaries. Many mundane operations like banking and communication become difficult procedures over international borders. In the United States, we take many things for granted.

This organization can help new mission candidates to become acclimated in their foreign field. Pray with us that we are able to expand our mission organization to offer our expertise and service to other missionary candidates.

We are grateful to those partners who continue to invest in our mission efforts. Our work in Mexico has changed. Many friends have invested financially for years. We pray that you see fit to continue working with us through this time of transition.

Please pray for the outreach in Mexico and if you give, send all checks to Aztec Rescue, Inc. to the address above.

Lester and Carla Kendall
